## ANALOG

As the leading Ottawa base reseller for voice conferencing products, we offer the most reliable brands in the industry: Polycom, Jabra and VTech. We have stock of new as well as refurbished for analog Polycom.

When buying voice conference hardware, consider these elements:

- Room size
- Expandable or non-expandable
- Technology: analog, VoIP or Bluetooth
- Additional mics
- Corded or wireless

## VOIP

Guytel provides several VoIP Voice-conference solutions including the Polycom IP5000, IP6000, and IP7000.

The Polycom IP 7000 has astounding voice quality and clarity from the world's most advanced IP conference phone

- 22 kHz CD-quality Polycom® HD Voice™ technology for life-like clarity and Intelligibility
- 20-foot (6.1 m) microphone pickup range, more with optional expansion mics
- Resists interference from mobile phones and other wireless devices
- Connect two units together for additional microphone pickup and speaker volume
- Large high resolution display and processing power for IP applications
- Integration with Polycom HDX® and Polycom® RealPresence® Group Series® high definition video conferencing systems
- Integrated Power over Ethernet (PoE) connectivity
- Applications Port for mobile device and computer connectivity

## BLUETOOTH

Guytel provides several Bluetooth Voice-conference solutions including the Jabra 810, 410 and the Vtech: Eris station VCS704 , VCS702, VCS754.

Model Eris Station VCS704: With the VTech ErisStation®, everyone can get in on the conversation—whether they're at the conference table or not. It comes with four, removable DECT 6.0 microphones featuring Orbitlink Wireless Technology™. Meeting participants can spread out and speak without having to raise their voices, regardless of conference room size. Advanced audio features like acoustic echo cancellation, automatic gain control and dynamic noise reduction ensure premium, interference-free sound quality, improving conferencing for both sides of the conversation. Plus, integrated design makes it easy to charge the microphones right in the base and keep everything together.
