

HSL 10

HSL 10

Used in combination with a Sennheiser Communications wireless solution, the handset lifter HSL 10 completes the wireless package. It enables you to conveniently answer calls and hang up again while away from your desk.

Benefits and Features:

- Allows picking up and hanging up a telephone handset automatically when using a wireless headset and away from the desk phone
- The mechanical hook switch supports nearly all prevalent standard desktop phones
- Comes complete with connecting cables and microphone
- Enables answering and terminating calls while away from your base station (telephone)
- Supports most standard desktop phones
- High quality microphone allows ring tone detection of two different ring tones of your telephone (e.g. external and internal calls)
- Lightweight and compact designed, it perfectly fits your telephone without using much space
- The lifter can be extended and thus allows for customized use
- "Easy adaptation kit" facilitates connection to different phone styles

Product Information

HSL 10

EAN No.	40 44156 01238 4
UPC No.	5 6 15104 11795 2
Art. No.	500712

General Data

Dimensions	77 x 110 x 42 mm / 3.03 x 4.33 x 1.65 in
Weight	80 g / 2.82 oz
Temperature range	-5° C – +40° C
Power Source	Powered from base station
